Creative Gazebos

CREATIVEGAZEBOS.COM

Outdoor Expressions

Turn your backyard into a tranquil, inviting sanctuary – your own private retreat. From that first sip of morning coffee to a relaxing afternoon nap or an evening cookout with neighbors, a Creative Gazebo offers you endless ways to enjoy outdoor living.

Designed and built with your lifestyle in mind, our quality gazebos are handcrafted with the finest materials and attention to detail – to add beauty to your landscape and set the scene for lasting memories with family and friends.

Choose from a variety of sizes and styles available in our beautiful gazebo collections, or let us build you a customized gazebo exactly the way you choose.

From a small, serene retreat in your backyard to a large gazebo perfect for parks, concerts or large gatherings, Creative Gazebos makes it easy to enjoy the beauty of the outdoors in comfort and style.

Take In The View

The word “Gazebo” first appeared in England in about 1752; it is believed to be a combination of the English word “gaze” with the Latin suffix ebo which means: I shall” thus gazebo means “I shall gaze” The term gazebo is also similar to the French term Que c’est beau- “how beautiful” Both terms are appropriate descriptions for a gazebo. Because of its use for decorating or beautifying a yard or park, and because gazebos are open on all sides, providing a nice view from within the gazebo in all directions.

Classic

Our most popular design, the linear design of the classic gazebo fits in well with many types of architecture. The straight rafter roof is used to complement the more contemporary style.

Rectangle Gazebos... Maximize Your Space!

The perfect design for hot tubs. We can even customize for larger hot tubs, including swim spas. Plus with screens you can relax, knowing that your family and guests will enjoy an insect free environment. Or, choose the vinyl tec window option (screens included) to extend your outdoor living season, plus if a rain shower comes up, you'll have piece of mind that you're protected from the elements.

Western Red Cedar

As an alternative to pressure treated wood, western red cedar provides the same warmth, that instantly makes you feel comfortable and right at home. The hallmark of western red cedar is its natural ability. It is renowned for its natural beauty and outstanding physical properties that make it one of the world's most unique softwood species.

Gazebos Gallery

Also Offering Quality Pergolas and Pavilions

Consistent Quality

We have an excellent team of skilled craftsmen, using modern woodworking machinery. Each gazebo is built with precision, you won't find any end caps on our trim covering up bad joints. Then it is carefully inspected to ensure that it passes our high standards of quality.

The Best Materials

We use clear grade, hand selected, kiln dried, pressure treated pine lumber. We've found that it's far superior to #1 grade, which has more knots. Milled on four sides, sanded smooth, and kiln dried after treatment, enables us to apply multiple coats of paint or stain immediately.

Superior Vinyl Materials

All the main components of our vinyl gazebos are outdoor treated wood, encased with high quality premium vinyl, that will hold its smooth texture, color and strength for years.

Solid Floors

We know that our decking is only as good as our joist supporting it. All of our gazebos are built with a solid sub floor system of pressure treated 2x6 joist, with a minimum of 16" centers. You can have confidence in your floor even with the largest of hot tubs.

Stainless Steel Screws

Assembled with stainless steel screws and glue coated galvanized fasteners, our gazebos are built to last. They are specifically designed and built to withstand strong winds and heavy snow loads. Engineered drawings are certified by a licensed engineer in your state.

Longer Posts

Our longer posts allow for matching top rails all around, presenting a pleasing uniform appearance. You'll also enjoy the benefit of enhanced standing view.

Superior Design

Creative Gazebos styling has delighted customers nationwide and even in other countries. We hear "I have been shopping for a gazebo all over, and your gazebos are by far the nicest and best built"

So Enjoy The Moment... after all it is your gazebo, and select the style and options that you desire.

Looking for a custom size or design? Contact your local Creative Gazebos dealer with your ideas. We custom design and build gazebos up to 30' in diameter!
