

Create Your Outdoor Oasis

Pavilions

Creative Gazebos

CREATIVEGAZEBOS.COM

Pavilions are free standing structures with a fully covered roof to provide comfort and protection from the sun and rain during the summer months, and also a place free of snow during the winter.

Classic architectural elements and robust structural design are combined in Creative Gazebos pavilions to create unyielding structures of superb proportion.

Designed and built with your lifestyle in mind, our pavilions are handcrafted with the finest materials and attention to detail -to add beauty to your landscape and accentuate your home.

Pavilions have economically expanded the home to furnish additional living area. These outdoor living rooms can feature the same conveniences as indoor luxury living.

For outdoor kitchenettes, they can be decked out with ovens, barbecue grills, fireplaces, refrigerator or something even as simple as a fire pit.

Added lighting results in all hours of ideal family time, relaxation with your favorite pet, and entertaining your friends and family into the night as the stars dance overhead.

Our Manor pavilions are made from premium grade southern yellow pine and encased with high quality vinyl. The heavy duty 6x6 posts, 2x8 beams and detailed arched braces ensure the stability that is needed to withstand high winds and heavy snow loads.

The decorative post and header trim covers all the connections for a clean appearance, combined with the detailed fascia trim, creating a stunning structure that adds the right amount of class and allure to your outdoor oasis.
